SQUADDING

Competitors with special squadding requirements are invited to advise the Squadding Officer of their needs, well in advance. Whilst every-effort will be made to meet the competitor's needs, the final decision on the number and timing of matches for which a competitor will be squadded, rests with the Squadding Officer.

During squadding it is not possible to take account of competitors wishing to share firearms. Competitors are reminded that they are not permitted to reserve bays for themselves for the various matches, to give equal opportunity to all.

Squadding notices will also be available at the Registration Desk on the Range during the Event.

No Refunds for entry fees. **All PPC & PPII matches will be Squadded. NPA matches will be self squadded.**

REPORTING TIMES

For squadded matches, competitors must report to the scheduled range at least 10 minutes before the time indicated on the match schedules. The relays will start on time and no competitor will be permitted to join a detail after the match has started.

GUN CONTROL

All firearms are required to conform to the rules for each match. For these conditions, please refer to the details given for each match on the SAPF web-site www.samarksman.co.za. All firearms will be checked at the Gun Control Area on a daily basis by appointed personnel.

RANGE RULES

Competitors **may only** pack away firearms on the Range Officer's command, or on the set up areas provided. Firearms can then only be unpacked at the next detail or again on the set-up areas provided. **Non-compliance of this rule will result in immediate disqualification.**

SET-UP AREA

Set-up areas are provided for unpacking and adjustments of firearms. **No ammunition may be used or unpacked in this area for any reason. Non-compliance of this rule will result in disqualification.**

NPA/PPC SCORE CARDS AT THE RANGE

For each match the participant receives a carbonized scorecard, the signed and correctly graded original of which must be returned to the Competition Management within 30 minutes after the respective match ended. Scorecards which, in the opinion of the Competition Management, have been intentionally or maliciously spoilt will not be replaced and no new or additional scorecards will be issued.

Missing hits on a scorecard will remain unconsidered on data input. Once a score is entered on the scorecard and the maximum possible hits are exceeded, the exceeding hits will be deducted from the top score downwards, until the correct number of hits is reached. Reclamation to this procedure will not be considered.

SCORE PROCEDURE

Each participant scores the target of the competitor to his right and the scores are copied to the shooter's score card at each scoring stage of the match. Failures on copying the correct scores are to be confirmed by the scorer's signature. **During the scoring procedure the shooter must keep his distance from his target and the shooter is not allowed to influence the scorer's decision in any way. Both the Range Officer and the Scorer's SAPF numbers must be indicated on the shooter's completed score sheet.**

The Shooter may not fill in his / her scoresheet but will confirm the hits on the target. The other shooter will fill in the scoresheet.

RANGE OFFICERS

Range Officers' orders are final. No disputes are permitted on the Range and objections to any Range Officer decisions have to be made with the Competition Management. Abuse towards RO's will incur disqualification from the Competition.

ALCOHOL/DRUGS

Alcohol and drugs are prohibited, with disregard to type and quantity. Any participating shooter using alcohol or drugs will be disqualified and his/her participation will terminate. This will also include all his/her scores achieved during the Competition, which will be nullified.

ATTIRE

No camouflage or military type clothing may be worn while participating in the Competition.
