SAPF Team Selections for 2019 ISSF NATIONALS

As vice-president of ISSF Affairs, it is indeed a pleasure to announce the following team selections for the forthcoming ISSF Nationals due to take place from 21st to 24th September, 2019.

This selection is made with the premise that Namibia will be sending representative team to compete with SAPF during the 2019 ISSF Nationals.

We have selected two representative teams, and a Development team, with the specific intent of giving the selected shooters the opportunity to perform at the highest level.

Please note that only SAPF colours will be applicable, and that team members must shoot at the Nationals to be eligible for SAPF Colours.

2019 SAPF ISSF TEAM SELECTIONS:

We have selected teams for each of the ISSF events being presented during the Nationals.

Franscois van Tonder, Shaun Kennedy & Mornay de Beer.

B Team:

Neville Arnesen, Phillip Havenga & Neil Reynecke.

Development Team:

Christo Crous, Kevin Neethling & Gordon van der Westhuisen.

Sincere congratulations to the team members selected.

Becoming part of the SAPF Nationals team is due reward for your consistent results and hard-work in the past two years, which is clearly identified in the National Log, which tracks all performances over the past four years, and which was the guiding light for these team selections.

Regular participation in the provincial championships, even at Postal match level was the most important decision-making factor, and this will always be the foundation for team selection – performance is sought and performance is the criteria.

NB:

Your individual results achieved during the ISSF Nationals will be counted towards the various team scores – this decision was taken to avoid needing any extra range time and also to contain costs.

In essence, the A-team, the B-team and the Development teams will be competing equally against each other and against the Namibian team.

The Juniors Teams will be competing equally against the other SAPF teams in the Air Pistol event, so we are keen to see how our Juniors perform.

Please note that once again, the the top performers in specifically identified ISSF events will compete in individual Finals matches during the Nationals, including an Air Pistol Mixed Pairs Final, which was really well received last year.

This year there will also be an opportunity for the provinces to enter 3-man provincial teams, however teams may comprise of Male, Female or even Juniors, so we expect some exciting results.

Finally, remember that we will once again be awarding Mayleight Cup team colours for the top 12 competitors in the 50 Yard event, whilst the top 20 competitors in this event will also compete in the Presidents Cup Challenge.

If you haven't submitted your entry form for the ISSF Nationals yet, please do so as a matter of urgency, so that we can squad in the best possible way.

Wishing you all well for the Nationals.

Best in shooting..
Shaun Kennedy – Vice-President ISSF Affairs
